Job profile

Job title:	Manufacturing Operative
Job location:	Sunamp Factory, Macmerry
Reporting to:	Team Leader
Job purpose:	To provide a multidisciplinary role within the warehouse and production team by carrying out the assembly of various Sunamp products within the factory whilst overseeing all aspects of warehousing and distribution operations.

Responsibilities

- Working in the factory assembling and filling the range of Sunamp products:
 - Production of basic mechanical assemblies
 - Plastic welding of polypropylene cases – neat, accurate and consistent hand welding
 - Mixing of non-toxic chemical materials – measuring, dosing and some heavy lifting
 - Electronics assembly – final product integration with control systems and critical end of line function/performance testing
- Loading and unloading delivery vehicles, by hand or with a forklift truck.
- Checking for damaged or missing items, recording missing items and recording and sending back damaged stock and then sorting stock for storage in the warehouse.
- Taking goods to the appropriate storage space – using forklift truck as required.
- Keeping an accurate record of the stock on the warehouse management system, so that it can be located quickly.
- Operating a forklift truck to move and rearrange stock and ensure that products are stored safely (especially chemicals and HX) and labelled correctly and safely.

- Picking & debugging goods for the production team
- Collecting orders from the production team, packaging them, and load on transport vehicle.
- Organising transfers and loading goods on to delivery vehicles.
- Cleaning and maintaining the warehouse and production areas on a daily basis.
- Following the relevant Sunamp work instructions and Health and Safety and environmental procedures.

Experience:

- Assembly line/high volume manufacturing experience required
- Plastic welding experience would be beneficial, but training is available
- A knowledge of low voltage electronics is desirable, but not essential
- Understanding of warehousing, despatch principles.

Skills Required:

- Reliable & punctual
- Willingness to learn
- Ability to follow the relevant Sunamp work instructions and Health and Safety and environmental procedures

Basis and values

Able to respect the basis of, and work with, our values, showing a commitment to, and understanding of the Sunamp Ltd culture.
